An act to amend Sections 5092, ~~5096.12~~, and ~~8763~~ 5094.6, and 5096.12 of the Business and Professions Code, relating to professions and vocations, and declaring the urgency thereof, to take effect immediately.

LEGISLATIVE COUNSEL'S DIGEST

SB 1490, as amended, Committee on Business, Professions and Economic Development. Professions and vocations.

Existing law provides for the licensure and regulation of accountants by the California Board of Accountancy in the Department of Consumer Affairs. Existing law authorizes a certified public accounting firm that is authorized to practice in another state and that does not have an office in this state to engage in the practice of public accountancy in this state through the holder of a practice privilege, subject to specified requirements. Existing law authorizes the board to discipline the firm for any act that would be grounds for discipline against a holder of a practice privilege. Those provisions become inoperative on January 1, 2011.

This bill would extend the operative date of those provisions indefinitely, and would make a conforming change.

*Existing law requires the board to hold a hearing, no later than September 1, 2010, on the report by the California Research Bureau*

regarding the Uniform Accountancy Act's 150-hour rule, and to make recommendations, based on that report, as specified.

*This bill would instead require the board to hold that hearing no later than 6 months following the issuance of that report.*

~~Existing law provides for the licensure and regulation of professional land surveyors by the Board for Professional Engineers and Land Surveyors. Existing law requires a record of survey to be 18 by 26 inches or 460 by 660 millimeters.~~

~~This bill would change those dimensions to 18 by 24 inches and 460 by 610 millimeters.~~

This bill would declare that it is to take effect immediately as an urgency statute.

Vote:  $\frac{2}{3}$ . Appropriation: no. Fiscal committee: yes.  
State-mandated local program: no.
